61

Dear Mrs. Whitney,

Three weeks have passed since we moved in, but it seems like three centuries! Today is comparatively pleasant, and, oh yes! I must tell you, we attended mass this morning. There were several others there who were attending Catholic services for the first time. - I was very much impressed.

Father Lavery said that next week he is going to show a movie featuring either Deanna Durbin or Shirley Temple. We are all eagerly looking forward to it.

Some time this month there is going to be a water festival. The theme is the history of Boston and

62 3
they all have the funniest names -
"Poston Polecat," "Blockheads," and
the team that the Upland boys
play on is called "Ontario Burns."

There is not much more to
write about. We're all well and
hope that you, Mr. Whitney, and
Prinny are likewise. We
all wish to thank you very much
for all the goodies. It seemed
like Christmas!

Lovingly,
Louise

Is Princess being a good little
girl?

Monday: The softball score was
23-0 in our favor. The
Indians were very good
sports and took their

2 63
will start back with the first in-
habitants of Poston (whoever they
could have been!) and on down to
the coming of the Japanese. Through-
out there will be singing and
dancing typical of the time. The
finale will be Ondo (Japanese
dancing) and it is planned that
the Issai join in and dance with
the young folk. I think it will
be fun.

At least once a week there is
a dance at one of the recreation
halls. And there are talent
shows every week, and soft ball
games every nite. This evening
there is going to be a game
between the Indians and one
of our teams. There are any
number of soft ball teams about

defeat gracefully. There was
a brass band that played
between innings. The whole
camp must have been on
the side lines. We all had
a swell time.
