Dear Mrs. Whitney,

This money order check is for part of Prinnip's doctor bill. I want to pay for it. We were paid today and so I thought I'd send part of it. I'm a trifle "in debt," so \$5 is all I can send this month. I know it isn't enough. I shall send the rest when we get paid next. I hope you don't feel incited or anything, Mrs. Whitney, but I appreciate all you are doing for me, and I think the least I can do is to pay for some of her bills. Really, I want to.

My goodness, Princess shall have to stop putting on airs and must start to eat like other cats. I'm sure if she gets hungry enough she will. She's just a spoiled brat! Tell Mr. Whitney I think he was right when he said Princess reads prices! — We all laughed, too, about Prinnip's using the adding machine cover — altho I guess it wasn't very funny to you at the time. Of all places!

I'm glad Princess is being an out-door cat if it's good for her.

295 One of the families in our block have two beautiful dogs sent in about a month ago - one an Irish setter and the other a pointer - both good dogs. Madeline, the girl in the family once told of neither's eating much. Then just the other day we learned that the setter died. He had developed pneumonia.

I'm so glad Prinnie is home.

Furniko and Dorothy are both at Teacher's Training. I know exactly how to expect them! They will come stomping in, both boiling mad at some "new-fangled idea" they will have had been told. Dead me! — Sue is working. Papa went to O-ter-a. (Church) And I'm home all by myself. I don't go to work until 3:45. Tonight one of my students is going to dance for the Talent Show. I'm all excited about it.

I hope you and Mr. Whitney are well. We're all fine.

Ever lovingly,
Louise
