Dear Mrs. Whitney,

After reading about Princess' escapade in your letter to Furricks, I felt quite ashamed to think that my little girl is being so ornery. I was able to picture it all because Princess often kept me in anxiety the same way. - But please do not worry about her too much. Your caring for her alone is much too kind. Knowing that Penny has such a fine home is my one great consolation. Thank you very much.

How are you and Mr. Whitney?
I hope you are both fine. - We are slowly fitting into the life here.
Thanks you again for everything,

Mrs. Whitney

Please give Penny a big hug for me
(or a sound spanking, as the
case may be.)
