Seized Articles May Be Had

Articles which were confiscated at induction time and since that period and which are not on the contraband list may be reclaimed by applying at the track infield warehouse, advised William H. Barber, Supply and Warehouse head, today.

Residents should present family numbers and be able to identify their items.

CANTEEN HOURS

Canteens will be open only from 1:30 to 4:30 p.m. beginning tomorrow, Everett G. Chapman, Service division director, said today. Stocks are being replenished constantly, he added.

WILBUR'S STATEMENT

Now that the evacuation to relocation projects is well underway, I want to express my appreciation for the wholehearted cooperation of all concerned in the movements so far.

The "train monitor" plan has worked out excellently. Individuals chosen as monitors have worked hard and accomplished good results. Residents have responded to their instructions and cooperated on every phase of the evacuation movement. Train departures have been orderly and in most instances accomplished well ahead of schedule.

Coupon Books To Be Issued

September issue coupon books will be distributed beginning Wednesday, announced Gene W. Wilbur, Center manager today.

Census takers will notify residents the days on which they are to apply.

Journey to Poston Recounted by Reporter Tajiri

Tom Tajiri, former PACEMAKER reporter, who was in the first contingent to be relocated, writes from Poston:

We have just left Santa Anita and are four miles away. Tears are still rolling down our faces. The scenery is like the outskirts of San Diego.

Everyone on the train is waving to the white people who are standing on

their porches and they are responding by smiling and waving, especially the older people who probably know the Japanese people well.

It sure is good to see civilization. This is shown on the faces of everyone. The tears have been wiped away now and everyone is smiling and joyful. The adults are passing down the aisle and youngsters

are running by.

Just passed under a bridge. It was dark for a few moments. The autos under the bridge and the people on the sidewalks remind me of San Diego.

My mother has left her seat to see a woman with a two-weeks-old baby who is not getting along very well.

Passed a playground and a gang of junior high (Continued on page 4)

Departees Look Forward to Their New Home

Barrack lights were glowing in the pre-dawn mist as Center residents arose to prepare for their departure to Wyoming Tuesday morning.

Many of them had slept in empty, clean-swept barracks, having checked in all their baggage the day before.

Change in Schedule

(Continued from page 1)

Loading of pullman cars with hospital cases will begin at 7:05 a.m., it was stated.

At 7:15 a.m. loading of baggage will start.

The train list will be signed and the train ready to leave at 8:15 a.m.

In the event of rain, departees will be checked out of the Green mess and go directly to the train, instead of waiting outside, the administration said today.

Hand baggage will be checked in the Green mess.

Morale was high among departing residents. Most of them were sorry to leave Santa Anita, of course, but they looked forward to seeing Wyoming and snow. Some of them were going out of the state for the first time.

Said Martha Kaihatsu, "I'm glad to leave and I'm looking forward to seeing America." The Kaihatsu family--Martha, Art, Omar, Gordon, Frank and their mother--all left in a group.

"I guess we all have to leave sometime and I'm just one jump ahead of the other guys," was the opinion of Bill Ito. "I'm going to return to Los Angeles after

the war. I have a job with the Carnation Milk company waiting for me."

"I'll miss the stables," was Massy Nikuma's terse comment.

Then there was Frank Inouye, UCLA tennis player, who said, "Just as I was getting used to Santa Anita, I have to pull out. But I'm looking forward to seeing snow in Wyoming."

Tears were shed for Aki Shiraishi, former LA Poly football star, who was leaving all his friends. "I know we'll meet again," he said.

As the train slowly began to pull out, everyone waved, cheered and whistled frantically...Then, suddenly, it stopped again, and the crowd laughed.

While the train paused, an aged couple leaned precariously out of a window trying to catch oranges tossed to them from the crowd on the other side of the fence.--by Joe Oyama.

Cashier Clyde Lambourne.

Monday and Wednesday-- 9 to 11:15 a.m. and 12:15 to 4 p.m.

Tuesday and Thursday-- 5 to 8 p.m.

A special window will be open, starting today, for those who will be leaving before their regular day for receiving checks, Lambourne said. Such persons are asked to bring their notices of departure.

Paychecks will be forwarded to those who have already gone to relocation centers, Lambourne stated.

MOST SUCCESSFUL SINGFEST HELD

"The best singfest we've ever held," was John Saito's enthusiastic comment of Thursday's community sing in the Recreation hall.

The sing honored those leaving for Wyoming. Song-leaders were Henry Suzuki, Tiger Matsumoto, Jim Nakamura and Yosh Kodama. Dora Sato of Palo Alto was the guest soloist.

Kodama and Margaret Yokota, pianist, are among those who left today.

Issue Coupon Book Regulations

Issue coupon books are not retroactive to the date of entry into an assembly center, according to a bulletin released from the

San Francisco WCCA office.

It further stated that no more than one issue book could be given to one family in any one month.

TRANSFER APPLICATION APPROVED BY WCCA

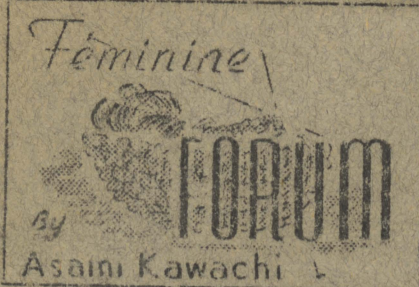

Applications for transfers to various relocation centers have been approved in San Francisco for the following persons and their families. They will move on dates to be announced later.

Tsuruo Deguchi, Charles Henry Fullert, Kikue Hara, Nobuji Hayashi, Matsuko Honda, Ichio Horiuchi, Sumiko Ikemura, James Kiyoshi Inouye, Saichiro Sam Kai, Tsuruko Katayama, Shigeko Kato, Yukiyo Kawasaki, Kiyata Kikuchi, Kou Kitano, Yoneko Koga, George Shoji Konishi, Masahisa Kozen, Yoshito Kubota.

Seiji Maruyama, Koshizu Matsumoto, Yoneji Matsumoto, Tsutow Miyahara, Mikio Miyamoto, Miyeko Miyamoto, Torao Moriguchi, Miki Moriwaki, Yoshino Murata, Woodrow Shioichi Naka, Fujio Nakamura, Ralph Kiyoshi Nakamura, Hachiro Lafayette Noda, Tomekichi Oishi.

Hisao Sakuda, Midori Satow, Sakae Shiimoto, Sadako Suzuki, Yukio Suzuki, Jenichiro Takahashi, Toyojiro Takahashi, Wataru Takeshita, Isamu Takeyama, Harry Shigenori Tanaka, Robert Haruo Tanihara, Toshiko Tasaki, Yuriko Uyeda, Katsuki Roy Watanabe, Tsutomu Watanabe, Kiyoko Yamamoto, Taichi Yoshida.

The Center management has received approved transfers for the following, but has been unable to identify them. They are Mrs. T. Kinoshita, Mrs. Sakamoto and Paul Yamamoto. These three persons are asked to call at the Personnel office.

We hear that male readers enjoyed Bean Takeda's piece on women and dancing. But how about the girl who stays home? Perhaps she is the quiet type you've been looking for, Bean.

We are happy to see that the ill, infirm, mothers and children are receiving fine care during their train trips to Wyoming and elsewhere.

Sisters Peggy and Setsu Fujioka were monitors on a pullman which left Tuesday morning. They took with them two pages of instructions containing formulas for feeding babies.

The girls said they did not anticipate too much difficulty as the mothers seemed to know what to do.

Special food is served to the babies at the Green mess before they leave, the Service director says.

Those of you who do not like train rides will be happy to know that lemons are included in the lunches.

We are beginning to feel the effect of people going away as the writings of Miyuki Aoyama disappear from our pages. She has promised however to send us contributions from Wyoming.

The reporters at the PACEMAKER have always worked on a voluntary basis for the experience. We are grateful to them.

Anna Sakaizawa, our one and ace reporter, concludes:

"Nine-tenths of my job is walking, and of the one tenth left, half of it is talking and the other half is writing."

"If every woman in this Center grabbed one man apiece, there will still be 552 males left over, not considering the age, however," the Mercedian Souvenir Edition reports. But there is a catch. We quote further, "Expert observers disagree and strongly point to the sad conclusion that there may be more eligible girls than boys."

Cub Scouts in Farewell Feed

Santa Anita's Cub Scouts feasted to their heart's content at the Boy Scout campsite Wednesday night.

The occasion was the farewell party for the Cubs and for Sam Ishikawa who left for Earlham college, Richmond, Indiana. Boxing matches and a feed climaxed the evening.

Hirome Taketoshi and Joe Sakakura were co-chairmen. They were assisted by Yas Hara, Yoshio Befu and Sam Ishikawa. George Yasukochi, Cub executive, gave a short talk.

Detailed Account of Train Trip to Poston

(Continued from page 1)
school kids waved, shouted and whistled.

The train has stopped for a few minutes.

■ The train is still motionless so I took a walk to the next car which is the baggage car and saw a little kid looking with envy at the oranges.

We have started again after a 10-minute rest. Just passed a freight yard and heard a kid yell, "How about some chop suey?"

The lights have just now been put on. I think we are in the outskirts of Los Angeles. It sure looks familiar as I once lived near here.

We can look down on the Los Angeles river.

We are now in Boyle Heights and are slowing down again.

■ We can see the City hall. Passed the Sixth street bridge and noticed that there is quite a lot of water in the river for this time of the year.

We have passed Sears, Roebuck and the Ninth street bridge. The city is lighted up and I can see the reflection of the typewriter in the window pane. The tracks along here are sure familiar as I used to come and play here with my brothers and our friends.

■ We are still near LA and the IP has ordered that all shades be pulled down. My sister is the monitor so she has to tell everyone to pull them down.

■ We are still rolling. Please excuse my typing and grammar. Since there is so much noise I can't think very well.

■ We have come to a stop and are starting back toward Santa Anita I believe. At least we are heading north, probably on a different track. I am pretty tired and so I think that I will quit until morning.

■ Stopped at San Bernardino. We stayed here for a long time, maybe a half hour or so. Everybody is sleeping so I guess I'll pull over a coat and go to sleep, too.

■ Passing by some desert. It is still dark and all I can see is sagebrush, hills and telephone poles.

■ Heard two kids talking about the hills around here which are rough and bumpy. They say they are the Rocky mountains. (The kids are only about five years old.)

■ Have just reached Barstow and I went to wash up. It is a pretty nice place even though the mountains look very dry.

■ Stopped a few miles east of Barstow and I am helping my sister give out the box breakfasts. The menu: 1 ham sandwich, 1 jam sandwich, 3 cookies, 2 oranges, 1 lemon, 1 egg, a piece of cheese and a pickle.

■ We haven't passed a town since we left Barstow miles back. The hills are very black and the soil is very sandy.

■ Passed a burg named Pisgah Crater, surrounded by black lava beds.

■ Passed Ludlow, a one-horse town.

■ Passed Bagdad, another one-street town.

■ Stopped at Cadiz for water. The scenery is the same but the sagebrush is twice as large.

■ Haven't seen a house since we passed Cadiz. Most of the older people are sleeping but a group of high school kids are playing cards and leaning out of the big opening on the side of the baggage car.

■ Stopped at a five-house burg.

■ Crossed the Colorado river into Arizona.

■ Reached Parker city.

■ We have come to Camp 3, six miles south of Poston. All I will say now is that it is dusty and dirty. I don't think that you will be able to beat Santa Anita.

CLASSIC PROGRAM TO BE RESUMED TOMORROW

Meal Tickets Still Needed

Meal tickets are still being used for entrance to the various mess halls, it was stated today by Edward M. Paulsen, Mess division head.

Santa Anita residents were called upon by Paulsen to cooperate in this matter in order to maintain the past standards of efficiency of the Center mess division. -- by Anna Sakaizawa.

BARRACKS MUST BE CLEAN, SAYS TOWLE

Barracks must be cleaned and left in the same condition as prior to occupancy, William R. Towle, Works division chief, reminded departees today.

Men for the fire department are needed, Towle said. Applicants are to go to the Personnel office.

Students Go

Two Center students left during the past three days to attend colleges in the midwest. Peter Ida left Wednesday for Lincoln, Neb., where he will attend the University of Nebraska. On

Doors To Close At 6:15 P.M.

Because of numerous requests by music lovers, the weekly Classic program is to be resumed tomorrow, 6:15 p.m., in the Grandstand.

The program will open with Wagner's Prelude to "Parsifal." It will also include Bach's Brandenburg Concerto No. 2, Chopin's Scherzo in B Flat Minor and the first movement of Franck's Symphony in D Minor.

The doors will close promptly at 6:15, it was emphasized.

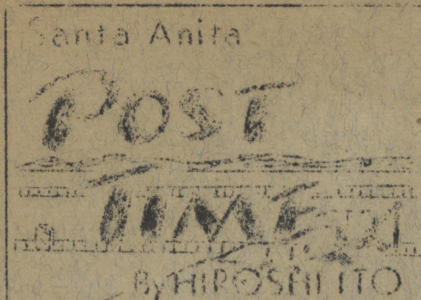

Lamplighters

The Lamplighters held a combined installation, farewell and birthday party Wednesday at Recreation House 1. Kenneth Anamoto was master of ceremonies.

Honored were Kazuo Oda, who left for Wyoming on Thursday, Jim Arima, Tom Ishii, Joe Anamoto and Elma Anamoto.

Twenty-four boys and girls attended the party-- by Iutsuyo Uyeno.

Thursday Sam Ishikawa left for Richmond, Ind., to study at Earlham college.

SHAMROCKS WIN 25-19

Royal Dukes Rally but Fail To Overcome Early Irish Advantage

Unable to overcome a 10 point lead going into the final period, the Royal Dukes lost a 25-19 basketball game to the Shamrocks Thursday evening on Anita Chiquita court 1.

The Royal Dukes scored eight points while holding the Shamrocks to two in the final quarter, but the lead was too great to overcome. Field goals by Yas Aochi, Joe Jiobu and Takashi Senzaki in the initial period gave the Shamrocks a lead that they held throughout the contest.

Only two players, Endo and Hoshimiya, committed more than one foul, which makes the game the cleanest in the A loop to date. Endo was ejected from the game with four fouls.

The high point honors were taken by the Royal Dukes' Kusumoto who made eight while Mouse Furukawa and Yas Aochi of the Shamrocks took place and show with seven and six points, respectively.

In the other A basketball game, the Golden Bears defeated the stubborn Jockeys 22-15 in a rough contest.

The game was closer than the score indicates. Three goals by the Bears in the last minutes of the final quarter finally clinched the contest for the Bears.

Mas Nishibayashi of the Bears took high scoring honors by garnering nine points while teammate Tak Itami followed with six.

Shig and Mits Fukuyama and Shiro Mizufuka were the outstanding Jockey players.

Greyhounds Win in Junior Tournament. Beat Toppers

The San Francisco Greyhounds edged out a 15-10 win over the Toppers in a B basketball elimination tourney game Wednesday evening on the Anita Chiquita court.

Semi-Finalists Play Tonight

The semi-finals of the A basketball elimination tournament will be played this evening on Anita Chiquita starting at 5:30 p.m.

The strong Fog City five will take on the Shamrocks while the Golden Bears are to meet the San Jose Zebras.

Both the Shamrocks and the Golden Bears have lost to Fog City in practice matches while the Zebras and the Frisco team have won every game they played.

Tadayoshi Endo, Topper mainstay, bucketed all of his team's goals to take high scoring honors.

T. Ono of the Greyhounds scored five points to lead his team.

In the other B casaba elimination contest of the evening, the Golden Gaters, another San Francisco team, ran over the Top Hatters 13-4.

The Gaters were led by Kitano who hit the nets for seven points.

The Tornados failed to show up for their tilt with the Juniors.

PACEMAKER Building -- Phone: 63

With another month to go before we, too, are relocated, we find that we have the opportunity to wave goodbye to the 19,000 people who are preceding us.

We saw most of them come in as strangers and many of them go out as friends.

Shop talk

Only four assembly centers now remain which cuts down on our morning mail considerably since only three center papers now reach us. The El Joaquin, the Fresno Grapevine and the Tanforan Totalizer, plus the PACEMAKER, are the only publications still appearing.

We hope to hit Vol. I, No. 50, before we, too, must cease publication.

Longevity, a singular distinction for center papers, will be ours then.

The Mercedian and the Portland Evacuazette bowed out this week with pretentious souvenir editions.

The Tote promises one soon, in preparation for which they are now cutting down to a six-page weekly. **Jitters**

And we wonder what happened to the Manzanar Free Press promise to print a comparative breakdown (?) of the MFP and the PACEMAKER? We were curious to find out what a breakdown was. We have too much of the nervous b. already. **Speechless**

The dinner-dance of the postal clerks, woodpeckers and information clerks was featured by the fact that out of almost 50 people introduced, there was not one speech. **En garde**

The PACEMAKER staff has now taken up chess as its leisure pastime, a game which interferes considerably with getting the paper out at a reasonable time.

With the proportion of kibitzers to players being about 25 to 2, neither the office nor the game itself can be considered a quiet one.

We all talk a good game of chess.

Gainful Employment of Evacuees

The recent pronouncement by sugar companies officials that "It is the considered opinion of those fully informed upon the subject that if Japanese labor cannot be provided, there will be no labor to harvest the crop," has led to action by Governor Herbert B. Maw of Utah which will release more than 2000 farm laborers from relocation centers in Utah to do farm work.

Gov. Maw has, in order to protect the sugar beet crop of his state, certified state protection "for any such workers" entering "any county" in the state and guaranteed preservation of law and order through state "instrumentalities."

This approval was given following the request of several counties of the state for permission from the War Relocation authority to employ evacuees as farm labor to salvage the vital sugar beet crop.

The War Relocation authority, in turn, under which jurisdiction lies the welfare of all evacuees in relocation centers, has indicated that the employment of these evacuees where needed in vital war industries is one of the primary functions of relocation, provided proper procedure is taken.

Gov. Maw's certification of state protection is the first step towards the "proper procedure" necessary. It now remains for similar certification signed by commission chairmen, attorneys and sheriffs of the various counties concerned. It is to be hoped that this will follow shortly.

Another bright spot is the statement by the War Relocation authority that it considers "the employment of evacuees where needed in vital war industries as one of its primary functions."

The opportunity of participation in the war effort and the chance of rehabilitation are two important items of the few things for which we ask.
