

# New US Battleship North Carolina Is Commissioned

✓ WR 22-007  
2007-2-2M

---

NEW YORK, Apr. 9 (INS)—The world's mightiest battleship, the USS North Carolina, was commissioned at the Brooklyn navy yard today in colorful ceremonies headed by Secretary of the Navy Frank Knox.

This was the first commissioning of a battleship in 18 years. The 35,000-tonner was built at a cost of \$70,000,000, five months ahead of schedule.

The sister ship Washington is scheduled to be commissioned next month, a year ahead of schedule.

ordinator and various members of  
the council.

The board of supervisors yesterday adopted a resolution asking the legislature to make funds available to carry out such a plan. No definite sum was mentioned. The resolution also states that the city-county will cooperate in carrying out the provisions of the territorial major disaster plan now under consideration by the legislature.
