Dr. Koichi Fujii, second son of Mr. and Mrs. Kumaji Fujii of Kalihi-kai, will open his office for the practice of medicine and surgery tomorrow at 1914 South King street, off Pumehana street opposite the Mormon tabernacle.

He interned for one year at an Iowa hospital and then returned to Honolulu in 1937 for a stay of seven months. He left here for the mainland again and served at the leading hospitals in Arizona and Virginia, returning in September, 1940, to Honolulu where he was connected with the Japanese hospital until recently.

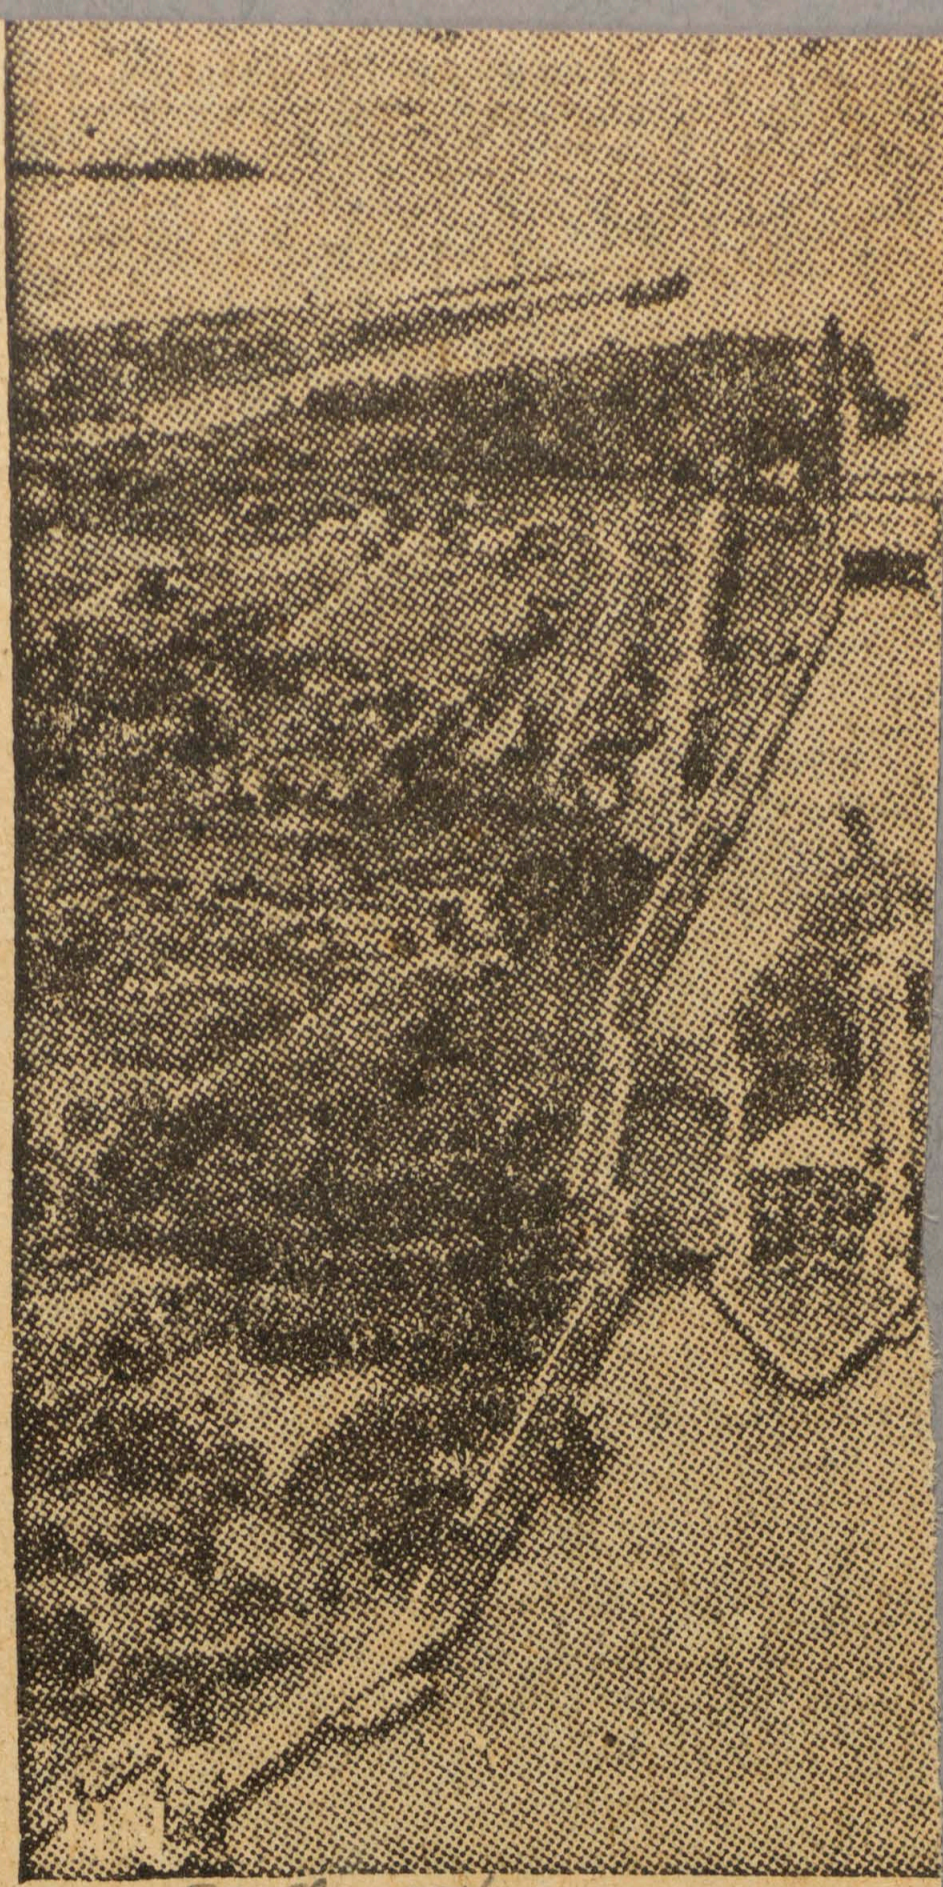

His younger brother, Dr. Takeo Fujii graduated from McKinley High school and the Japanese High school in 1929, from the University of Hawaii in 1933, studied in Japan for about a year and a half and received his M. D. degree from Creighton University in 1939. He is presently connected with the Queen's hospital.

A. degree from the University of Hawaii; and the fourth son, Kyoji Fujii, a graduate of the University of Hawaii, is planning to matriculate shortly at the College of Dentistry of the University of Southern California, Los Angeles, Calif.
