

## NAME INDEX

**Note:** This index contains the names of all individuals appearing in the Hokubei Okinawa Jinshi. The page numbers are from the original (which appear in the margins in this translation). Where the page numbers are printed in bold face there is a corresponding photograph in the original Japanese-language version. I have given page numbers, e.g., A, B, etc., to the photographic section at the beginning of the original. The material in ( ) are either alternative names also in the index or country of residence. The material in [ ] are husband's first names when the person is referred to as "Mrs." in the original text. Names which appear underlined> are those I have not been able to work out in their correct English form from the katakana.

If any of the names are incorrect, or missing first names can be supplied, please contact the translator, c/o Mr. Dick Jirō Kobashigawa,  
Los Angeles, CA, 90025
