Dear Sami

I hope you will pardon my delay in saying "Thank You" for the calendar you sent. It will be very helpful as I write the story that I am planning.

My excuse for the delay is that I have been almost totally preoccupied with the video program announced on the attached sheet. But now we're off and running and maybe I can get back to some other projects that need attention.

As mentioned by phone, I hope you will drop in on us whenever you chance to be over this way. We live just a mile west of downtown White Salmon at the end of Westwinds Road. Come anytime.

Cordially,

TSUBOTA, SAM
