

white Salmon was

June 30th 1942

Dear Folks, George & Ethel
just brought me a letter from
you saying you were going
up in Oregon next week,
be sure and write me as soon
as you get there I am slowly
getting a little stronger, but
not much good yet. but it is
better than I was; was in
bed two weeks it seems nice
to not have to be piled up in
bed now Vickie is not very
well but we manage between
us to keep things going; —
The Crogmans never told
me they were down there
well I am glad you write
me any way. George & I just
told all if he wanted a
chicken if when he come
down Town if he would
catch a couple old hens I
would cook him one and we

would have one & did that
to help him out, well & will
not bother him any more
about it. Ethel is good to help
me out about the mail, Vickie
cant walk down town so
when she goes Ethel takes
her. had a card from
Lizzie ~~stuff~~ suppose they
will be up before long.
Harry and Victorie were
up over Sunday. I havent
been in anyones house since
I have been here, but I may
get so I can call on a neighbor
before long, but if they dont
it is all right has all been
down lately. let us hear
from you after George tell
your dad he is getting to be
quite a dude. wont it be
fine when we all get back
to the old Place once more I
get so lonely for you all.
how is your mother getting
many quilts made why dont
she get some from home
it gets sure cold up there love
to you all I am so glad you
