Dear Children I am trying to get a letter written but I am just too lazy & guess, and Kay I got your letter and when I read how smart they treated you in the store I was ready to come up and kick their pants, it made me so mad, but when you get home they hadnt better try such games, say cant we do something to stop such smart tricks, but you will be with friends and they wont dare be so smart Blast their hides and we have too many friends any way, you need Mr McKenzie to set them up proper, it has either snowed or rained lately so the streets are sure in bad shape, you Kay, dont you suppose if Mr Johnson would look up things, we might straighten things out, but we want you home is the main thing, well I am glad Victoria wrote you she is such a nice kid and has such good judgment too Vickie and I miss her she cant get up home very often & that is so good to bring my mail but I dont write to anyone hardly but to you kids, and I sure am crazy about you
