Dear George Kay & Kida,

I was so glad to get your nice interesting letter and to hear that you are all together and so comfortable.

It is so nice you have a good man to work for. That helps a lot but of course it is not like being at home and I hope and pray you may some day be back there where you worked so hard and had such a good start.

I hope poor Sade lives to go back to her home once more before she dies.

She writes to me often and seems to-morn so for her home. I think it was a shame you all had to leave.

We think it would have been better to have sold your cattle.

No one will tend things like you will your  
self. I read such a nice story in our  
S. School paper that is so like your case  
I am sending it to you.

Well Ch. & I are alone now. Kathryn got  
married to a very nice man. Hope he don't have  
to go to war. She lives 80 mi S. of us but  
gets home often. We have our garden in  
and some up. It is rather cold and wet  
here this spring. Charlie is still able to  
work his place tho' he will be 83 in June.  
We are thankful for good health.

The clarks come quite often to see us they  
are pretty well. Mollie's son Earl died.

Am enclosing a picture for you of us taken on  
our golden wedding. You cant see The cake we  
are cutting but it is good of us. Now dont work too  
hard and we will hope to meet some day.

God bless you all  
Your true friends  
Charlie and Flora Pyatt.
