Dear friends,

Your welcome letter
Came a few days ago.
Ethel and I planned on going down
to see Sade this afternoon. but
Guy thought it might upset her
and that she would want to
come home with us. they
sent us word Mon that we
would have to arrange to take
her some place else. as she
caused so much trouble

days longer. The Per thinks we
will have to take her up to
Medical Lake. near Spokane
I hate to think of her having
to go. there have been several

did not need it. so you just

I am sending the check
back to you. you have worked
so hard, and I am willing
to give the board and care
the last month she was here.
I wish it was possible for
you to come. they are releasing
a great many, but your home
here happens to be in the restrict-

from the Oregon Journal.
Victoria was home last week end
and she and Harry will be
home for good.

well ever one is about as usual
with love to all

say they give them treatments
and good care, and I know

back cured. we will have to
do what we think is best for her.

have her go. some of us will
let you know. what is being
done. I talked to Mr Johnson
a few days ago. he said he
was going to Portland the
last of this week, and he would
stop and see her. I also told

up to visit you folks. am sending
your bead spread, and some
material that Sade bought for
a dress. then decided that she
