Dear Kay

I received your letters about a week ago and am very busy got income tax to make out for all of us down here.

I am quite a little better I think I am going to get all right now, and am some stronger I was pretty weak there for a while well Kay there is no use of any of you trying to come down here to see Mrs Pyatt she would not know you they have taken her to Medical lake she jumped out the window down and North Bonnerville and tryed to get away Mrs Waldron said you sent her a check and she sent it back is that right? I gave Mrs Waldron ^{\$}25⁰⁰ yesterday of the forty Mrs Pyatt gave me so she is paid it is too bad but there is nothing any body can do about it.

I note your kind offer for me to come up for a while and stay there I am still planning on coming up Christmas.

I hope George is over his back trouble

I have your bed spread now.
Lou McKenzie would like to buy the Krogman
place but he has no money for a down
payment so I did not sell it to him I dont know
if he could ever pay for it or not I will have a
talk with George when I am up there.

Dont get a turkey I will bring one with me
I guess that is about all I can think of this
time hope to see you all soon
as ever Al.

P.S. Mr Heaman told me he was paying
3⁰⁰ for #1 potatoes and 1⁷⁵ for #2.
I am glad the neighbors like you up there.
and are good to you
