Dear Kay, George, and Kida:

I received a call from Mrs Sidney Miller, and she wanted me to come over to see your letter so I went over yesterday and they and Sadie McCoy want to get Mrs Pyatt out of the Hospital and have you take her up there, they thought she would be better of with you than any body else, I told them that it would be nice if she was with you, but George was going in the army and the rest of you was going to go back to the Japanese center, as you had to move out from where you are now, so you can be on your guard I would not take Mrs Pyatt up there if I was you as she is getting childish and will get more so as she gets older and will be a very hard job to watch.

Well I feel some better to day and I think I will be all right now, but I wish you were all here now it is pretty lone some

and George if I was in your place I would  
try and bring that examanation to a head.  
if I was you and dont forget what I told you.  
Floyd told them he could not write and let them  
fill out his examanation papers for him and  
he only passed 37 and is he happy.

Well Amel looked at that trailer and I dont  
think you want it.

Am going to Portland and then I will see  
about a power take of for you.  
Well Vern was up and his brother Slim died  
and I have to be a fall bear tomorrow  
for them.

• I guess I am going to have some time  
to get a priority for some trucks, if I ever  
get any never heard any thing from  
Mr Reeves as yet.

I guess that is all this time
