Dear Dr. Koyama

I am sorry not to have written you sooner, but I have been busy.

WCCA Center
Section I-B-18
North Portland Ave

I am head waitress in charge of the baby section ^{in the mess hall} where children under six and their parents eat. There are about 300 there.

William is so big & handsome now. Just think he is about 5' 4 1/2" and wears size 8 shoes! Eva is taller and thank goodness, Thinner. Kyo is as sweet as ever. William washes sheets for his mother every week now. Since he is a leader of very young Boy Scouts he has all his time filled.

I see Dr. Koyama eat in baby section every day. He looks just like you but he is too fat. I hear you have reduced now, so with the children growing & you getting thinner your family ought to be very good looking. Your friend
Lois
