June 14 1943

Dearest Kii, Jack wrote you  
a card but am writing again  
for I am very much concerned  
concerned about your health,  
your heart - trouble because  
of high altitude. How do you  
feel by now? We are so  
glad that you are now nearer  
to us and our letters arrive  
much sooner.

Received the money you  
sent us for our glasses.  
Eva & I have to go out the day  
after tomorrow again for another  
examination. I cannot write much  
because of my eye trouble.

We are having so much  
rain here lately that it's just  
like in Portland.

Kii, please take good care  
of your health, be careful  
with your food, eat fruits &  
vegetables if you can get them  
and not too much meat as you used  
to. Write soon. Love, Tom
