Dear Kei,

Hope you are well. We are all well. Wm. is proud high school boy, seems to enjoy his work is attending Franklin. Eva is going back to school tomorrow, she is all recovered and does not cough any more. She is growing more sideways and likes to eat so we call her butterball. Kiyo had a cold out of school for two weeks is going to school since yesterday. Kiyo as you know is a grandmother and tells us not to waste lights, tells Eva not to use too much butter, locks all doors at night, and try to boss everybody even mother. I too had cold and Marie is here to help. She is housekeeper, private secretary, and nurse so remember the big bill we owe her, am much better & she is going home soon. Shin volunteered and is happy boy in the army. We are all praying for you and all our friends are sending love to you. Drop us a card we are looking for a message.

Lace, Tom
