Congressional Situation

Washington

On our return last week from several weeks in Japan, and on the eve of the traditional Lincoln-Wash- (D-Monterey Park) has been ington Birthdays (Feb. 11 to 17), we learned that the First Session of the 92nd Congress had convened on schedule, but that neither the House nor the Senate were yet prepared to conduct official business.

The House was much closer than the Senate to assembly since he first enterundertake its legislative responsibilities in that it had ed the legislature in 1963. A elected its leaders and had completed its assignment of members to all of the standing committees. The law degree, he has practiced Democratic leaders for the 92nd Congress are Carl law in California for over 20 Albert (Okla.), Speaker; Hale Boggs (La.), Majority years and is the senior legis-Leader; and Thomas O'Neill, Jr. (Mass.), Majority lative member of the Law Re-Whip. The Republican leaders are the same as in the lawyers appointed by the last Congress, Gerald Ford (Mich.) Minority Leader, Governor to review and reand Leslie Arends (III.), Minority Whip. Until the vari- commend improvements in Continued from Front Page ous committees organize their respective subcommit- the common law statutes of tees, however, the House cannot legislate properly. Incidentally, under the new rule adopted by the Democrats that no Congressman may be the chairman of more than one subcommittee, 49 new subcommittee on constitutional amendments, maintenance of concentration chairmanships became available.

Although the Senate has elected its leaders and assigned its members to their respective committees, braces Boyle Heights, Little as in the House the several subcommittees have not yet been organized. Mike Mansfield of Montana re- row stretch west toward Holmains as the Majority Leader, with Robert Byrd of West Virginia as the Majority Whip. The GOP leadership is the same as it was last year, with Hugh Scott of Pennsylvania as Minority Leader and Robert Griffin of Michigan as Minority Whip.

The real organizational problem in the Senate at this time is with the effort to change the rule to invoke cloture, by which any filibuster or debate may be closed and a vote reached on the merits. At the al Security Committee were present time, two-thirds of all Senators present and voting are required to invoke cloture. The principal issue at stake is whether this two-thirds majority can so introduced a constitutional be reduced to three-fifths of those present and voting. amendment to lower the vot- tors, but by then it was too against others.

This major rule change is currently being filibus- local elections. tered by Southerners in both parties and by certain midwestern Republicans, with the first attempt to invoke cloture scheduled for Feb. 18. The petition to shut off debate is signed by 38 Senators-29 Democrats and 9 Republicans.

The first attempt is expected to fail, with subsequent effort to invoke cloture scheduled in the hope that within two or three weeks the necessary twothirds of the Senators present and voting will vote to end the filibuster. If after several weeks it becomes apparent that cloture cannot be invoked, the rule change may be put aside for another two years, to when the 93rd Congress convenes, or to another time reappointed to the Los Anwhen it may be urged on a somewhat different basis than at present when it is being considered as a rule change at the beginning of a new Congress.

Until this controversial issue is resolved one way Gardena Valley. or another, the Senate is not able to assume its legislative duties.

JACL, incidentally, is on record for the reduction in the numbers required to invoke cloture.

The latest convert to the three-fifths rule is Ha- 15 set a new high for atwaii's Democratic Senator Daniel Inouye, the first American of Japanese ancstry to be elected to the National Congress. In the past, Senator Inouye has by Seiji Ozawa, who appeartaken the understandable position that the interests ed on the podium for three of a "small" state like Hawaii at certain critical times might best be protected by the current two-thirds re- dees. quirement. He now takes the position that the time has come to make it easier to prevent and stop filibusters which have been used recently to frustrate vital and urgently needed social and economic legisla- ka will soon take steps to tion. He also notes that the three-fifths rule will pro- organize a new California corvide adequate safeguards for the legitimate rights of poration to operate an bank the minority, including the "small" states.

As for JACL's primary congressional concern, the ed in foreign trade transacrepeal of Title II of the Internal Security Act of 1950, we find that Senator Inouye and Congressman Spark Matsunaga have as expected provided the leadership vin 1. On Feb. 4, Senator Inouye, joined by 24 colleagues Insurance Agency Manageof both parties, introduced S. 592. This bill is identical to the one which was passed unanimously by the Sen- over 500 companies at San NEW YORK - Herman Leate on Dec. 22, 1969. It has been referred to the Sen- Mateo Feb. 1-5. ate Judiciary Committee.

On Jan. 22, Congressman Matsunaga introduced HR 234, the basic bill for the repeal campaign in the House. This measure is co-sponsored by Congressmen Chet Holifield (Calif.), Robert Kastenmeier (Wis.) and Abner Mikva (Ill.). When the House recessed on Feb. 11 until Feb. 18, 111 Congressmen had joined in cosponsoring the legislation.

Congressman Holifield, the dean of the West Coast petition. congressional delegation and one of only two West Coast Representatives who are chairmen of major standing House Committees, was principal co-sponsor of the bill with Congressman Matsunaga in the last Congress.

Congressman Kastenmeier is the chairman of the seat in the coming April 20 House Judiciary Cubcommittee that will consider this municipal election, is expectrepeal legislation. Incidentally, New York's Emanuel ed to have opposition for his 11351 w. Olympic Blvd. West L.A. Celler, the dean of the entire Congress in terms of seat. One of them is Douglas 1479-4411 consecutive service, having been first elected to the House in 1923 to the 68th Congress and the Chairman of the parent Judiciary Committee, is also a co-sponsor of this measure.

Chicago's Mikva became a major co-sponsor this Congress because the present bill, with minor perfecting revisions, is patterned after his bill in the last Congress that was referred, as is this one, to the House Judiciary Committee, rather than to the House Internal Security Committee as are most bills relating to "internal security."

After the experience of the last Congress, Congressman Matsunaga deliberately accepted the Mikva formula for repealing Title II in order that the bill would be referred to the Judiciary Committee. The bill amends Title 18 of the United States Code, to prohibit the establishment of emergency detention camps and to provide that no citizen of the United States shall be committed for detention or imprisonment in any facility of the United States Government except in conformity with the provisions of Title 18, which provides for due process, etc.

The JACL initiated campaign has begun anew to repeal the concentration camp and emergency detention authorizations through congressional enactment. Hopefully, this Congress the effort will be successful, serving perhaps as an appropriate climax to the Biennial National JACL Convention to be held in Washington, D.C., in late June 1972.

Newsmen Ask

When a news reporter asked how Title II could be applicable to present troubles, Congressman Matsunaga mentioned that an invasion of Guam, some 7,000 miles from Washington, might be used as an excuse to invoke Title II to detain those who might question United States foreign and domestic policies.

As for insurrections, he said that the record is replete with charges that Maoists are active in the United States and that they might be working with the Black Panthers and their sympathizers. He thought that there might be possibilities that some future executive could take advantage of Title II to deal with

Packaged noodle by Japan's top maker

Top Ramel 11 comes to America!

Tastes just like the restaurant-cooked Ramen! Its full-flavored soup does. And of course the noodle. The noodle with the typical soft-hard feel against your teeth-the pleasurably tantalizing tasts only the best-prepared Ramen can offer. You are bound to like it, and your children, too-even if they cannot use chopsticks! It'll make a wonderful lunch of midnight snack. And it's so simple to cook. Next time you go shopping, watch out for the package, with the FORK-held noodle on it, the distinguishing mark of TOP RAMEN.

Fackaged needle from Osaka, the gourmet capital of Japan

Marumoto Speaker

The highlight of the evening was an address by "Mo" Marumoto, consultant to the White House, who spoke on the Cortez area. Yoshida is "A Quiet American Sounds the sole remaining member of Off." He was introduced Harry Takagi, chapter elder and chairman of the 1972 National JACL Convention Board.

Speaking of the prejudices and discrimination which culminated in the mass evacuation of 1942. Marumoto stated that complacency, apathy and accommodation coupled with the "shikataganai" attitude, have cost us dearly. Marumoto urged, "We look to the lessons of the past, that we may forgive but cannot for-

He continued, "I think it can happen again and I think that this is one of the things our disturbed Sansei are trying to tell us when they describe themselves as Asian Americans, as members in spirit of a Third World. These young Asian Americans perceive the potential for new trouble and the root of the trouble, prejudice based on race, most certainly exists, although others are now getting the worst of it."

Intolerance Seen

Marumoto added that the young see the evidences of a strain of fearful and ignorant savagery, and the intolerance of preceptive difference, more clearly than many of us. And they question our untiring pursuit of material values that diverts our attentions and drains our energies. We might well listen to what the young

Renew Your JACL Membership Today!

Dear JACLer:

Your annual membership is the lifeblood of JACL. It sustains some 40 active national JACL committees covering a wide gamut of activities, such as legislative, PR, civil rights, cultural heritage, history project, student aid, scholarship, chapter programs and activities. A major emphasis this biennium shall be in the area of Education. Our continuing commitment to youth shall provide them most creative and challenging opportunities.

JACL will continue to fight racism in whatever form. JACL will do its share to push for meaningful changes for the welfare of our nation, but we are opposed to violence or revolution to bring about the changes necessary to rectify the wrongs that sustain unrest.

JACL has done more for people of Japanese ancestry in the U.S. but we have not done enough. Your membership will help today.

THE SAN FERNANDO QUAKE

Despite the temblor of Feb. 9, Little Tokyo is altogether—though a bit more disjointed. We offer this immediate observation to assure we're still in business at the old stand, because the further one is away from the scene of any disaster, the greater the impressions of havoc and nightmare.

Seismologists have rated the San Fernando quake organization has answered the as 6.6 magnitude on the Richter Scale. Newcomers to the Southland who never paid any notice to Richter Scale readings now know how helpless and groggy an earthquake of this magnitude can be. Oldtimers, read- himself. ing about the shocks of earlier years, might have been surprised to learn the disastrous Long Beach quake of 1933 was 6.3.

The Richter Scale is a measurement of earth move- Paint it doubly so. ment at the epicenter and it doesn't take into account the damage to property or loss of life. Quakes with a magnitude of 2 on this scale are the smallest ones to be felt. Up to 5, these cause local damage. Up to 6, considerable damage. Between 6 and 7, quakes are classified as "moderate"; between 7 and 7.5, "major"; ing before the Expulsion Re-examination and study, a possi-role that Mt. Fuji has. In fact been written at least three and above 7.5 "great quakes". The largest known view Committee: (The name ble solution coming within the no other mountain is so close- ways. The earliest uses the earthquakes anywhere in the world have been close to 8.5—the Good Friday earthquake of 1964 in Alaska reasons obvious.) was 8.4, causing tsunami waves that devastated Crescent City. Though the Richter Scale had not been devised then, by a study of its effects seismologist peg fective and enlightened and most the 1904 San Francisco quake at 8.3 magnitude.

California has had more than 500 earthquakes that have caused damage since records were being kept NC-WNDCfrom 1769. Seismologists say that California has about from 1769. Seismologists say that California has about 200 quakes a year rated at magnitude 3 or greater and one of magnitude 7 or greater about twice every 100 years. The last major quake (a 7.7) was centered present a recognition award to in Tehachapi in July, 1952, which we remember well monial dinner slated for Mar. but not as jolting since its epicenter was further away 20. than the San Fernando shocker.

Most unsettling is the prospect of the best known fault in California— the San Andreas—that tumbled San Francisco at its northern end is due to act up mean at the southern end, which happens to be near San Bernardino. It traverses Los Angeles County on the other side of the San Gabriel Mountains.

The chamber of commerce and real estate people of cost of restoration (ap- in essence an offender? Or, truly don't advertise it but millions here know we're in proximately \$3,500), is said pant drug problem with greater to the terrified peasants the earthquake country. Recent newcomers from Japan, probably the world's most earthquake-conscious nation, have told us this last one was the most unnerving. DYC will hold its first quart- American Community has re- giant axe. At the base the A newcomer from Philadelphia, Dave Yoshioka who now lives in San Fernando Valley, didn't know what it was-this being his first jaunt. Compounding his it was—this being his first jaunt. Compounding his dance will feature Saturday's still another thing. But to so re- Kai, Suruga, and Sagami. scare was the gas explosion in Westwood adjacent to program, while business ses- ready in existence tailored to Out of this grow the L the restaurant where he was having lunch. Having sion will prevail on Sunday. answer or attempt a solution to Out of this grew the Japa- Ainu practice of leaving of us. They come from young and old alike giving up survived all that, Dave can claim he's a confirmed Southern Californian.

For scientists and officials like Tosh Terasawa who is a city building and safety commissioner, the San Fernando quake will add to their knowledge of being better prepared for the next one. What a way to learn!

The West Los Angeles JACL earth science section can also anticipate a better-than-average attendance at their next meeting Mar. 5 with a Cal-Tech seismologist billed as speaker. Geology may now become the "most relevant" science in Southern California, replacing aerospace studies.

For Little Tokyo's redevelopment project, the quake has converted many skeptics of the 1969 appraisal of the buildings in the area into believers. That report noted 75 per cent of the 160 structures as being substandard, deficient or worse. Nisei-owned businesses were shuttered because of weakened walls. Tenants were evacuated from the hotel next door, now declared "unsafe" by city inspectors. That's the hotel between us and the Kawafuku Restaurant on the corner.

Another quake of similar strength nearby will not only spare owners of demolition costs but lay in ruins a well-organized schedule project director Kango Kunitsugu has spent countless hours to devise. As it is. Kango has inherited a new set of headaches with the first quake to affect Little Tokyo seriously.

For us personally, the quake knocked down some ance committee. books - reminding us to store away those we never touch anymore. That electricity was not restored for State checking publisher five hours in our neighborhood caused us to miss of 'Japanese Girls' book much of the excellent TV coverage all the stations ROCKLIN — Attention of the provided all day long. Perspectives

Jerry Enomoto

SACRAMENTO JACL-A wonderful crowd turned out at the Sacramento Inn for the Capitol City chapter's installation dinner. The chapter will be led in 1971 by Frank Iwama, youthful attorney working out of the Attorney General's office, as a deputy.

His acceptance message was highlighted by a call to Sacramento JACLers for "total involvement in the community," a theme much easier in the telling than in the doing. However, from the enthusiastic comments by several old time JACLers on the Board, the interest and work of a group of young newcomers may well help Frank move the chapter toward that total involvement.

Mike Suzuki installed the new officers, and a host of past presidents were introduced, visible evidence of the continuing support that every chapter needs. Wendy Sakai and Mrs. Gladys Masaki were sworn in as heads of Sacramento's very active Jr. JACL and

Womens Auxiliary, respectively. The scholarship program to which the late Dr. George Takahashi devoted so much of his interest and leadership was symbolized by a fine representation of deserving young people and their proud parents. The chapter and the community will miss George, and our sympathy goes to Mrs. Takahashi upon the double loss of her husband and son.

Nathaniel Colley, noted black attorney and long time pioneer in the civil rights fight, gave a timely message. He pointed out that the Bill of Rights was largely the subject of rhetoric until the NAACP, have prefered to use FUJI no through litigation, made that document an effective YAMA, or the Mountain of instrument for the protection of civil liberties on the

Mr. Colley hit hard on the point that one vital role form. However all this still of minority group organizations like NAACP and JACL gives no clue of the meaning is to keep America honest. Don't get self-satisfied. Don't allow the "let George do it" syndrome cripple The Chinese characters you.
