FROM THE BOARD:

1978 Spring Tour Travel Committee chairman Harry Kadoshima returned from three day meeting with the National Committee in San Francisco. Henry Sakai of Orange County is the new chairperson. Harry Kadoshima was asked to serve on the National Committee which is now composed of people not related to travel agency or consultant. He made a pitch to the committee for considering the "Seattle Plan" with modification but did not receive acceptance. Kadoshima speaking to the board meeting on the Chapter's last spring Japan tour, 60% of travelers from Seattle and 20% from other parts of Pacific Northwest. 5% from outside the Pacific Northwest joined because of relatives living in this area. The tour was advertised nationally in P.C.

Chair of the Budget Funding Committee Jiro Namatame released their findings that \$200 was excessive and recommended \$100 from the yearly Chapter budget to the Spokane Chapter. The funding will help defray expenses for the suit filed in their efforts to get new Asian American Studies Program at W.S.U. This does not mean that future fund raising aside from the budget will be ruled out. \$50 was approved to fight Initiative 350 anti-forced bussing proposal. Funding of amount larger than \$100 is in excess of the standards set to control the budget.

EDITOR EMERITUS COMES TO THE 1 CUE!

November 1978 Page 2

Tradelines escaped an impending crisis when a former Port employee returned to save the day (months, actually).

John Y. Kitasako, Port of Seattle editor for 24 years until his retirement in November 1975, graciously bailed the Public Information Section's skeletal staff out of an unavoidable predicament. When the <u>Tradelines</u> editor became ill late in March, the staff asked john to fill in. Always willing to help, John agreed. The longest he'd need to work would probably be three weeks, everyone thought.

Four weeks later, the editor told John she expected to return within the next two weeks. Instead, she returned to the hospital; and john, despite more enticing avocations that awaited him, faithfully remained to plan and produce <u>Tradelines</u>.

After three more weeks passed, the editor assured John that this time she was recuperating and prepared to return by the end of June. But a relapse sent her back to the hospital six days after she had promised that John's tour of duty was almost over. In addition to all this see-sawing, John's work environment was less than conducive to the tasks he performed.¹The Public Information Section had just moved to temporary quarters while its offices were undergoing renovation, John was surrounded by boxes, unfamiliar files and envelopes, misplaced supplies, distracting noise and foot traffic--and dust!

Following many weeks of postponed plans and unpredictable schedules, John finally returned to his normal routine. Being not only professional but also kind-hearted, he endured the chaotic chain of events in his usual serene and good-humored manner.

For more than four frenzied months John kept the presses running and the Port's readers informed, as he had during the previous two and a half decades. And despite the circumstances, he remained the same remarkable person-an excellent editor, thorough and responsible; yet a man who has always been quiet, unassuming and congenial with all who have worked with him.

And to the Tradelines editor, John brought peace of mind and eternal gratitude.

(John Y. Kitasako is a member of Seattle JACL and writes news releases for Seattle Keiro .- Ed.)

PRESIDENT HOSTS ASIAN AMERICANS AT THE WHITE HOUSE

President and Mrs. Carter hosted a White House reception for 150 Asian American business and community leaders Aug. 1. The guests were members of the Democratic National Committee National Finance Council and the President's Council. During their two day stay in the Capitol, they were briefed by Alan Wolff, Deputy Special Trade Representative on Far East Trade problems and by Assistant Secretary of Treasury C. Fred Bergsten at the White House. They also attended briefing at the State Department., EEOC, EDA, SBA, and HUD by agency and department heads on issues and areas of special concern for Asian Americans.

The DNC chairman, John C. White stated it is the first time that so many Asian Americans at the National level expressed their desire to be politically involved. In the evening the DNC hosted a nine course banquet at the Golden Palace restaurant in their honor. At the dinner, DNC Treasurer, Ambassador Evan Dobelle spoke. The event was coordinated by Esther G. Kee and Joji Konoshima who made an outreach to have Asian American communities all over the United States participate.

INTER*IM CONCERNED OVER PROPOSED TRANSPORTATION CENTER.

Did you know the Port of Seattle wants to develop a \$17 million Intermodal Transportation Center in our neighborhood, the International District? The site is Union Station at S. Jackson and 5th. Plans call for two-level terminal to be built adjacent to the present building which will house: Amtrak, Greyhound, Trailways, Airport Bus Service, Greyline Tours, and Evergreen/Cascade Trailways. The International District has become the "dumping ground" for the city's public uses, bearing the burden of cummulative effects created by the Domed Stadium, I-t Freeway, the South Industrial area and now the proposed Terminal. Impacts:

1. Daily traffic congestion caused by buses and cars using the proposed station will aggravate an existing unbearable problem.

2. The decline of air quality which poses a serious threat to the health and well being of 1400 residents, mainly elderly.

3. Contrary to enhancing the development of businesses serving the District and broader Asian community, we feel the terminal will only further entice owners to sell out to land speculators looking for more "prime land" to gobble up, discouraging new businesses from opening which really serve the community's needs.

4. The possible downgrading of surrounding areas to the transportation center as similar intermodal terminals in New York and Boston have become combat zones associated with adult book stores, films, crime and dope pushing.

If you oppose the development of Union Station into an Intermodal Transportation Center,

The citizens committee is now referred to as Long Range Planning Commission. The school board is trying to prime excess lands and properties in view of falling school enrollment.

Vernon M. Oato, affirmative Action Officer and Oscar D. Tijerina, Vocational Rehabilitation Counselor, of the <u>Division of Vocation Rehabilitation</u> of the State of Washington Department of Social and Health Services, with office in 1700 E. Cherry St., (464-7876), spoke to the board on the services available in form of counseling and guidance fordisabled individuals to help them get back into the gainful employment. Services include surgery, dental care, artificial limbs, medication, physhotherapy as well as training for many occupations provided at vocational schools, colleges, on the job, or in sheltered workshops. There will be transportation expenses, living allowances, job placement and follow-up study.

REDRESS COMMITTEE SPEAKS TO JAPANESE BAPTIST

Henry Miyatake and Ken Nakano made presentation on the Redress Committee at the Japanese Baptist Church Oct. 22. Masao Tomita chaired the meeting. Miyatake said JACL seeks to make legal correction on the mistake made by the Supreme Court in incarcerating resident citizens without recourse to the law of the land. Up to 1968, Miyatake said, the government had the right to incarcerate citizens without trial. Ray Uno and Ray Okamura led the JACL drive to eliminate 6 concentration camps (one was Tule Lake) maintained under Title II of the Law of 1971. Miyatake asked participation for the Nov. 25 "Day of Remembrance."

Copies of "the Weekly Seattle's Newsmagazine" featuring the cover story "How shall injustice be served/" by Frank Chin was passed out.

CHANGES IN JACL MEMBERSHIP DUES STRUCTURES FOR REGULAR MEMBERS AND 1000 CLUB

Regular membership will run on a calendar year basic with \$16.50 basic structure to become effective in 1979. (Basic structure was only \$12.00 for 1978 with dues \$18.00 single). 1,000 Club and Fifty Club has been merged into a new 1000 Club eliminating Fifty Club. Their dues will be \$50 per year. Expiration of the membership is different from the regular membership because their membership would expire the month they became a member the following year. The Century Club will remain the same at \$100 per year. The Corporate Club has been divided into three categories: 1) Silver Corporate \$250 with refund to chapter \$50 per year 2) Gold Corporate \$500 with refund to chapter \$100 per year 3) Diamond Corporate with refund to chapter \$200 per year.

The dues for the 1000 Club, Century and Corporate will all be taking effect as of the fiscal year of National that is as of Oct. 1, 1978. Members who have not renewed their 1000 Club membership from January to September 1978 will not have to pay the \$50 but the \$35. This is so because the new dues rates did not go into effect until Oct. 1, 1978. Renewal notices for the month of October 1000 Clubbers have been sent out with a letter about the new dues rate and explanation. Corporate Club members renewal notices will not be mailed to them but instead will be mailed to 1000 Club to make possible follow-up on a personal basis.

Total membership of the Seattle chapter as of Oct. 1, 1978 is 760 and broken down as follows: 641 regular, 82 1,000 Club, 6 Fifty Club, 4 Century Club, 14 students, 13 Life and Memorial.

U.W. SCHOOL OF LAW GETS TUAI'S LEFT-OVER ELECTION FUND

It was the kind of political "payoff" the voters might like more of. The check writer was Superior Court Judge Liem Eng Tuai--unopposed for Position No. 34 on the King County Superior Court bench, and thus facing no campaign for the Nov. 7 election.

Judge Tuai's left-over campaign contributions were burning a hole in his pocket. So, in what may be unprecedented action, he donated \$7,724 to the University of Washington Law School, his alma mater. Such funds from political supporters--if any remain--often go to charity, not higher education. Some of the money will go to the school's new clinical-education program, a "mini law firm," to begin in January under direction of Prof. Charles Z. Smith, a former Superior Court judge.--The Seattle Times

PRESIDENT CARTER SIGNS!

On September 22, President Jimmy Carter signed PL 95-382! The U.S. Senate had unanimously approved HR 9471 a month earlier. The President stated:

I am very happy to sign H.R. 9471, a bill which represents one more government effort to redress inequities that occurred during World War II.

"The loyalty and devotion of our Japanese American citizens--despite this government action-has been proven many times over. Most of the internees were American citizens, and many subsequently gave their lives in defense of this country.

"While we cannot undo or erase the hardships and indignities suffered by these loyal Americans, we can, in some small sense, compensate them.

"This bill represents years of unceasing efforts by many members of Congress who wished to redress the injustices suffered by this unique group of American citizens. I am pleased to have the opportunity to share in that effort today."

The Bill was signed on the Friday following the Comp David Mideast summit conference. Apparently because of his work backlog, no special signing ceremony was held. PL 95-382 thus culminates a long and difficult leadership effort by Representative Norman Mineta and Senators Daniel Inouye and Spark Matsunaga. * * *

And What's Next? The signing of PL-382 provides the retirement credit to our employees 18 years of age at the time of the camps. C.I.C. deeply appreciates the dedicated service rendered by the President, our supporters in Congress, constituents, friends, and endorsing organizations. We recognize that many Nisei will receive little or no credit. C.I.C. plans to continue the legislative effort into the 96th Congress. With the assistance of both present and new supporters, we intend to amend our new law to extend the coverage in some manner to those under 18 at the time.

Our first step rests with <u>you</u>. We need to survey the situation to determine what we need to propose. Please fill out the attached questionnaire and return it to C.I.C. by Nov. 10, 1978. If you know of anyone not on our mailing list who might qualify, please have them send us the same information. --Committee for Internment Credit. -
